The Institution of Engineers (India)

A CENTURY OF SERVICE TO THE NATION

About The Institution of Engineers (India)

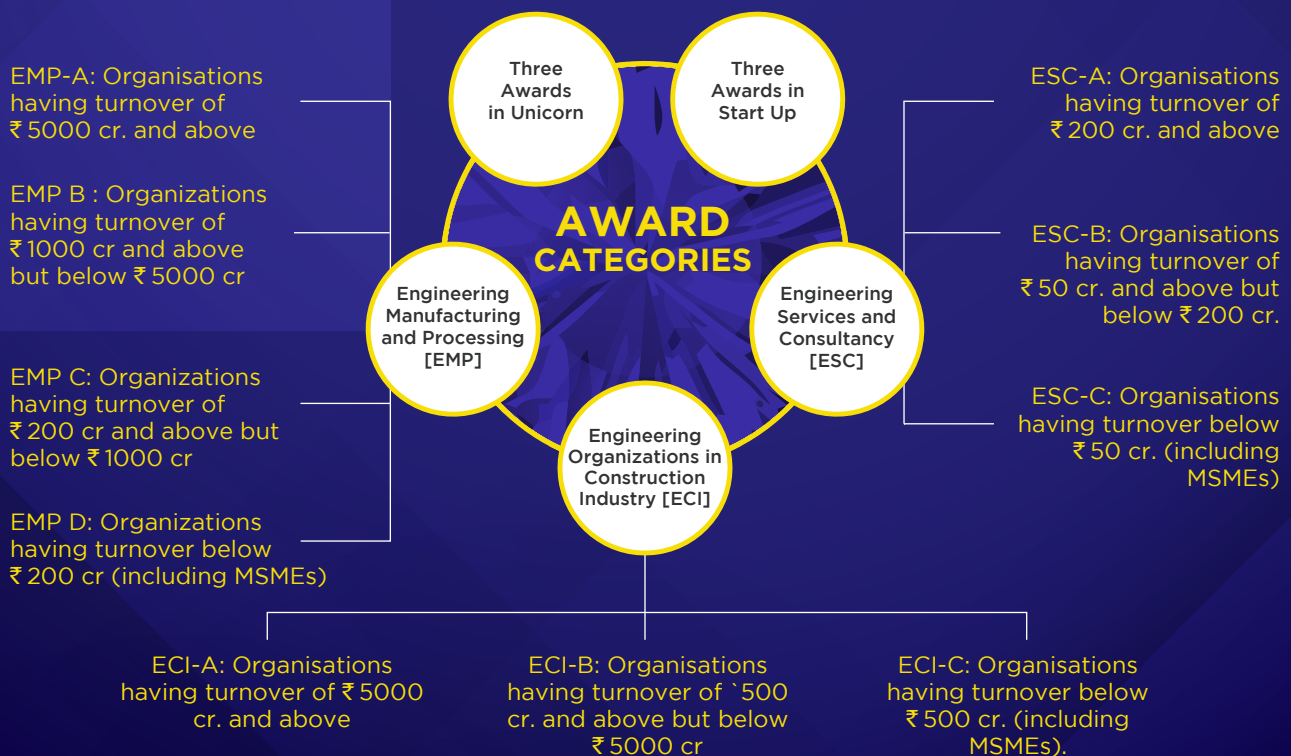

The Institution of Engineers (India) [IEI], established in 1920 and bestowed with the Royal Charter in 1935, is the largest multi-disciplinary professional body of engineers in India having more than 2.6 lakhs corporate member encompassing 15 disciplines of engineering. The Royal Charter endowed the Institution with the responsibility to promote the general advancement of engineering amongst its members and persons attached to the Institution. The Institution conducts its activities through 124 State/Local Centres within the country, six Overseas Chapters, seven Fora viz National Design & Research Forum, National Skill Development Forum, Rural Development Forum, Sustainable Development Forum, Safety & Quality Forum, Water Management Forum and Disaster Awareness & Management Forum and one Organ viz. Engineering Staff College of India. IEI has been recognized as Scientific & Industrial Research Organisation (SIRO) by the Ministry of Science & Technology, Govt of India and provides Grant-in-aid to UG/PG/PhD students of Engineering Institutes & Universities. IEI has bilateral agreement with 34 engineering organizations of different countries and is a member of six international engineering organizations including World Federation of Engineering Organisations (WFEO), Federation internationale du beton (*fib*) etc. IEI holds the International Professional Engineers (IntPE) Register for India under the global International Professional Engineers Alliance (IPEA). IEI has been the forerunner in setting up national standards which culminated on the formation of the Indian Standard Institution (ISI), now called as Bureau of Indian Standards (BIS). IEI, in collaboration with the Springer Nature Pvt Ltd., regularly publishes peer-reviewed international journals in five Series, covering fifteen engineering disciplines. For details visit www.ieindia.org.

Preamble

The IEI Industry Excellence Award has been instituted to recognize engineering industry leaders for their innovation, excellence in engineering operations and services and their capacity to sustain excellence in a competitive manner. This award recognizes those who demonstrate the ability to maintain excellence in a highly competitive environment. By setting benchmarks in governance, productivity, quality, safety, and performance standards, these industries are not only driving growth but also positioning India to compete effectively in the global marketplace.

Objective

Recognition in the form of an award can help build the brand and position the organization as an innovative leader in the eyes of your customers, leading to increased visibility of your organization.

Note: The turnover bracket for each category represents the turnover amount required to be achieved by the applicant in any one of the preceding three Financial Years.

The Award

The IEI Industry Excellence Award was instituted in 2008 to recognize and honour leaders in India's engineering industry for their innovation, operational excellence, and ability to maintain a competitive edge. These awards highlight industries that have set benchmarks in productivity, quality, safety, and performance, contributing to India's rightful place in the global market. Recipients of this prestigious award include prominent companies such as Tata Consultancy Services, Steel Authority of India Limited, Larsen & Toubro, and Bharat Heavy Electricals Limited.

Salient Features of the Award Function

- Exclusive B2B Session
- Industry-Academia Interface
- Sharing insights and views by industry leaders and academic personalities

Assessment Process

- The first level of assessment would be carried out based on the weightage of different data supplied in the application proforma.
- The shortlisted applications will then be selected and presented to the Jury.
- The second and final level assessment would be carried out by the Jury Board.
The decision of the Jury would be communicated to the selected Award winners. The decision of the Jury shall be final and binding.

Modalities for the Award

The award is conferred based on the information provided by the applicant organization. The selection process involves a thorough assessment, with awards granted to industries recommended by the Jury Board, which serves as the final decision-making authority.

Application Process

- To be forwarded as per the enclosed format
- May also be downloaded from <https://shorturl.at/IE4cJ>
- The application with supporting documents is to be submitted through **e-mail: iea@ieindia.org**
- Two hard copies of application with supporting documents to be forwarded to

Deputy Director (Technical)
The Institution of Engineers (India)
8 Gokhale Road, Kolkata 700020
